

Appleton CE (A) Primary School

Use of Sports Premium Funding for 2016/2017

This year, schools have received PE and Sport Funding. This funding must be used to fund improvements to the provision of PE and Sport, for the benefit of primary aged children, in the 2016-2017 academic year so that they are encouraged to develop healthy, active lifestyles. We will receive £8000 plus £5 per pupil which totals £8910.

Actions to be taken	Cost	Impact	Evidence: (including pupil attainment & progress)
Employment of a qualified football coach to provide a football after school club	Approximately £440	Children in Years 5+6 have been provided with the opportunity to attend an after school football club (which would not have been otherwise available). The club is ran by Mr French who is not only a parent of a child at the school but is also the Managing Director of Inspired (young people's project). The children will also have the opportunity to compete in tournaments during this academic year.	It has allowed 13 children to attend the weekly after school football club. We have entered a girls 7 a side tournament, a boys 7 a side tournament, a Year 3/ 4 six a side competition and a Year 4/ 5 six aside competition.
Areas identified for future development/ spending:			
Develop the use of and train Play Leaders within the school	N/A	<p>Children in Year 6 and Year 3 to work with Mrs Bungay and Mrs Bayliss to develop their skills in running sporting activities at break times. This would lead to an improved break time experience for the children. There is also training available through the Vale Partnership for the Vale Primary Leadership Academy for 10 students who are in Year 6. The training we will provide will give your aspiring young leaders a chance to learn generic leadership skills through fun games and challenges. They will get to meet likeminded leaders from other schools, work together and also get the opportunity to work with our Young Ambassadors and hear about the great work they do and the benefits of being a King Alfred's Leader and Young Ambassador.</p> <p>The aim of the conference is to inspire and empower your young leaders to go back to school and work alongside PE Coordinators. Students will be asked to create a plan, identifying areas of change back at your school. They will be set a challenge of running</p>	<p>There has already been an increase in the number of children involved in activities ran by the play leaders at break times. More equipment has been available for children to use and there has been a positive impact regarding behaviour at break times.</p> <p>Vale Primary Leadership training scheduled for 20th October 2016.</p>

		<p>something for the school. This can be an afterschool or lunchtime club, a Level 1 School Games event in a sport of their choice or anything where they want to make a difference. We would hope all will become confident playground leaders, creating and running games and activities for other children. This will allow the leaders to develop into assistant coaches in after school sports clubs and using them as role models and ambassadors.</p>	
Silver Membership of the Vale Partnership	£600	<p>This will include access to everything within the bronze CPD package which includes generic CPD sessions, support from the Vale Partnership and the opportunity to attend Vale Partnership competitions.</p> <p>It will also include 3 bespoke sessions chosen by the individual school. These sessions will be based on the school's site, meaning that teachers and TAs can be shown how to use their space and their equipment effectively along with any other areas identified for development.</p>	<p>Children will have the opportunity to attend Level 2 and potentially Level 3 sporting events. Teachers and Teaching Assistants will be able to build on their PE knowledge and confidence when teaching PE/ supporting within PE lessons. This could result in an improvement in the quality of PE lessons taught within school.</p>
Purchase of the Rising Stars 'Champions' Schemes of Work (for Years 1-6)	£600	<p>Champions is a whole-school sport, health and fitness programme that will support PE teaching from Years 1-6. It will encourage staff to teach PE with confidence, with flexible step-by-step lesson plans and 'how-to' videos. It can help to demonstrate impact on sport participation and attainment. It can also help to improve fitness, promote a healthy lifestyle and cultivate a love of PE and monitor and track pupils' progress with fun fitness challenges and motivating rewards.</p>	TBC
Employment of the School Sports Co-ordinator for the Matthew Arnold Partnership	TBC	<p>Children have the opportunity to take part in partnership competitions which then give the potential to take part in Vale competitions. This provides increased participation in competitive sport. Staff can work with the SScO to build their knowledge and confidence in the teaching of PE.</p>	<p>There are events taking place throughout the academic year which we plan to attend. We have already attended the Y3-6 Cross Country competition in which</p>

			20 of our children competed. Three of the teams qualified for the next round of the competition (15 children). They will be representing the Matthew Arnold Partnership at the Vale Primary Schools Cross Country competition on the 5 th October 2016.
