

Collective Worship

Children participate in a daily act of collective worship led by the headteacher, senior teachers, class teachers, the children themselves or members of the local church. On Friday we celebrate progress and achievements both in and out of school.

Weekly themes are based around Christian festivals, current events and our school values. They regularly include moral and biblical stories and other faiths. Acts of collective worship always include quiet reflection time and/or an opportunity for prayer. Children at Appleton enjoy singing and this is a regular feature of our collective worships.
