

Extra-curricular activities

We run a wide range of extra-curricular activities for children. Staff run a variety of specialist after-school clubs which involve sports, arts, crafts, music and drama.

Clubs run in the last year include:

High 5s

Cross Country

Year 6 Dance

Football

Multiskills

Knit and Natter

Art

Drama

Ukulele

Multi-music

Each term, we send out a letter informing parents/carers about the clubs which will be running in the next term. We plan the clubs so that during the year, each year group has an opportunity to attend a variety of different clubs.

Clubs run by teaching staff are free to attend, but there is a small charge for the other clubs, payable directly to the person running the club.

We assess the impact of our clubs termly and are always looking to improve our offering. Currently we are exploring options for more science/computing/STEM-based clubs for 2017/2018.

Extra-curricular sports

Children are offered the opportunity to engage in a wide range of extra-curricular sporting activities, including local, regional and national competitions. Please see our sporting section for more details about these opportunities.
