

Year 5 Weekly Tasks: Spring 1, week 5: w/c 1st February

This list should help you to structure your tasks for the day. Take lots of breaks and if a maths or English task is taking more than 45 minutes, you are welcome to stop and submit the assignment at that point. Remember, if you are stuck or if you have a question, the best way to get hold of me is on Google Hangouts. I can't guarantee an immediate answer, but I often miss questions that are asked in Google Classroom itself.
